Yes, please hold off on making any changes to TSD or RTC till you hear from Lars or me.

Okay, I will wait to hear from you regarding the RTC. In the meantime, I will continue working on the TSD—unless, I should wait on that too??

Also, I have reached out to Doug Solomon and he is working on getting the new Wisconsin areas into the mapping tool. Our GIS specialist created the last shapefile last night, so that should all be done soon.

Jenny

Thanks Jenny, we are trying to make decisions regarding the TSD and the RTC will need to track that. Your help is greatly appreciate, but I will need to get back to you once managers meet to decides some of these issues.

Thanks!

Good morning, Denise.

Now that we have final decisions on all the WI areas, I have some ideas for going back to the WI RTC and smoothing it out. If I do that, it might make it easier for reviewers downstream to review, edit, and finalize, since it looks like it has not finished OAQPS review and has not been through OGC review yet. I do not want to interfere with your review process. But wanted to let you know I'd be happy to go back in and edit the WI RTC now that we have final decisions. Let me know.

First, I need to finish the WI TSD. I am doing that now and will let you know when I have uploaded it to SharePoint.

Jenny

Subject: R5 RTCs

I wanted to check and see if the RTCs on the SP site are ready for us to finalize. We have finalized Chicago & Louisville.
